INTERNATIONAL MEETING

Dear colleague,

We are pleased to invite you to our **12th International Meeting on Gynaecological Surgery**.

Four days of intensive **Live Surgery**, as we usually do in our meetings, carried out by great specialists chosen among the best gynaecologists in the world, whose techniques will be shown and compared to offer an opportunity to improve your ability.

This will also be an occasion for young fellows and neophytes to broaden their horizons about this wonderful medical field. So we look forward to welcoming you and share this magic moment of advanced surgery.

INFORMATION

SIGHTSEEING PROGRAM

SIGHTSEEING

NAPLES

One of the most beautiful cities in Italy, rich in history and ancient traditions and also an important trade center.

A trip to Naples includes overlooking the Bay with the nice views of the islands of **Capri** and **Ischia**. Also very interesting is the visit to **Castel dell'Ovo**, **Vomero** and to the hills of **Posillipo**.

POMPEII

The city of Pompeii was destroyed in August 79 A.D. by the eruption of the **Vesuvius** that buried the two flourishing Roman towns of Pompeii and Herculaneum. You can now visit the remains of the early Roman Empire, temples, the Basilica, the amphitheatre and more.

POSITANO

Of Roman origin, this charming little town was founded by people escaping from **Paestum** and looking for shelter in these three little valleys. By strolling around in the narrow streets of Positano overlooking the beach, you will share the trendy atmosphere, with fashion shops, typical restaurants and wine bars.

AMALFI

Famous all over, was founded in the IV century by Romans after a wreckage; later it became an important harbour with shipyards famous all over the Mediterranean. You will admire its magnificent architecture, such as the St. Andrews church, located in the middle of the town, the church tower and many other wonderful buildings.
